In order to participate on a team, each player on a team must already have been qualified for at least one 2017 NAPA Nationals "Singles" event.

Shooters do not have to have previously played together as a team. Shooters can form their own teams. The only requirement, when forming your teams, is that all shooters on the same team **MUST** play for the same League Operator, in the same territory.

All shooter skill levels, on the day of May 31, 2017, will be applied to each team's roster.

**NAPA reserves the right to change a shooter's SL at any time before, during, and after the event.**

### **STANDARD LIMIT CHAMPIONSHIP RULES:**

For the Standard Limit Team Championships, each team **MUST** have a minimum of three (3) shooters on their roster and can have up to a maximum of five (5) shooters on their roster. All teams must be able to field three shooters, under the 195 SL limit during all of their matches throughout the tournament. For example, fielding player #1 with a SL of 98, and then fielding player #2 with a SL of 97, then purposely forfeiting the third match will be illegal. If a team is unable to field a third player, the entire match will be forfeited in favor of the opposing team. Player's skill levels will not fluctuate during the tournament.

Match races will be the same as your regular league play.

Each team must have **ONE** designated team captain. The team captain, and **ONLY** the team captain, will be NAPA's point of contact regarding any tournament logistics.

**STAY TO PLAY POLICY:**

By registering for the NAPA Nationals you understand and agree that in order to participate in any event or any tournament, you are required to stay at the designated hotels North American Poolshooters Association has provided for its participants. You agree and understand that if you do not stay at the designated hotels provided, the North American Poolshooters Association may disqualify you from any and all events at its discretion.
